Welcome to Kemper County, Mississippi

Kemper County Historical Sketch

*Kemper County was created by an act of the Mississippi Legislature on Dec 31, 1833, and was formed out of that portion of the Choctaw Cession under the Dancing Rabbit Creek Treaty.

The county was named for the Kemper brothers - Ruben, Nathan and Samuel - who were Virginia patriots who moved to Woodville, Mississippi Territory, early in the 19th century to fight the Indians and Spanish, also fought with General Andrew Jackson in the Battle of New Orleans.

The county seat, DeKalb, was named for Baron Johann DeKalb, a German citizen who enlisted in the French Army at an early age and came to America with the French General Lafayette to help in the Revolutionary war, and was killed in the Battle of Camden and buried in South Carolina.

The first inhabitants were the Choctaw, Chickasaw, Alabama and Muscogee Indians who all had various traditions of a migration from the far west. Nearly all of these traditions centered around the large mound that is only a "stone's throw" from the northwest corner of Kemper County, and in the edge of Winston County. This mound was named Nanih Waiya (bending hill) by the Indians.
