What started out to be a small project of finding my great grandmother Susannah E. REECE MUNN I though, turned into a major project. I had intended to just do research ba ck to my reat grandparents, but Aunt Lucy MUNN told me that I should write to Weldon MUNN in Boyd Tex., I asked her who he was and she said that he was a grandson of her great Uncle Daniel MUNN who was a brother to my great-great grandfather, (Aunt Lucy is considered a Newton County MUNN and I expected her to know everything about all of the MUNN's in Newton County). After contacting Weldon, he sent me a complete list of his grandfather's family, and said that he had been looking for his grandfather Samuel Marion MUNN, But the confusion his name was Daniel Marion MUNN Jr., instead of Samuel. He also referred me to Wilbur ASH his first cousin in El Paso, Tex., and he sent information on all of his grandfather's (MUNN) Children, & grandchildren including addresses. After receiving a copy of a letter that my grandfather (Charles Hitt MUNN) sent to his nephew (Luther MUNNO in July 1931, giving him information on his family, including his grandparent's and their brothers & sisters also his Mother's brothers and sisters. After this information I decided to go back futher to his grandparent's. It seems that Luther was trying to find out the same thing then that I am now. I just wish he had completed it then, as I think his father's Uncles & Aunts were still living, and he could have gotten first hand information.

I want to thank the ones above for the information that they furnished me, and to Winnie J. DAVIS who spent time helping at the Archives and writing for information from other sources, and to all of you, Who without your help this book would not have been possible.

I want to give the greatest THANKS to my wife Bobbie for her love and understanding over the last three years, and all of the work she had done on the book, for without her I could not have done it.

WHERE IS SUSANNAH E. (SUSAN) REECE MUNN?

"Where is Susan", could be a novel of the life and courtship of Susannah E. REECE and John B. MUNN, a romantic novel between Susan, and her lover, or a mystery as to what happened to her after the year 1863. In all the information that I have been through looking for Susannah (Susan) E. REECE, I have found that she was a daughter of William L. REECE born 1794, Ga. died 1844/50 & Mary WALKER born unknown Ga. died unknown. - 2.7 ?           ?           ?

I have heard as long as I can remember that John B. MUNN came home during the Civil War, and found that his wife Susan had a little girl (which would have been born late 1863 or early 1864). A neighbor, told him he would see that his family would be cared for while he was away. Who was the neighbor? He left that night by train, from Enterprise, Miss. to rejoin his company. An old timer told that Susan went to Enterprise, Miss and worked in a cotton mill. Another said she went to Alabama and later came back with a daughter looking for John B. What happen to the Daughter? The Daughter was supposed to have had a son name Ross MUNN. I had also heard that a Ross MUNN came home with my Uncle to grandpa's, (Charles Hitt MUNN) and he was calling him Uncle. Grandpa asked him why did he call him that, and he told him that he was his sister's child, but grandpa said that he didn't have a sister.

In checking the Newton County Census in 1910, I found a Ross MUNN, and it showed that he had a daughter named Mary MUNN. I had already found where Mary had married Bill PARKHILL in Meridian Miss. So I got in touch with her

and found out that she didn't know who Ross's mother & father was, but he had a sister named Viola MUNN. She was told that Ross's mother died when he was little, and an old couple carried him to Kosciusko, Miss., but she didn't know what happened to Viola, I had already found out Viola had married, and in contacting her son they didn't know her mother & father either. Since Viola was the oldest I tried to find out who she lived with. I found in school records of Newton County that she was living with a John A. SMITH and going to school. The 1910 Census Newton County Miss. showed that she was living with Louis & Polly BETTERFIELD & later she married R. H. SPANGLER. It showed also she had a daughter named Maudie B. MUNN and I had records that Maudie had married Levard PHILYAW

In checking the 1900 Census Attala County Miss. I found the following:

ELLENBURG, Jasper T		APR 1877
Willie K	Wife	1863
Sarah D.	Dau	MAR 1896
Willie Evey	Dau	MAY 1898
GRAHAM, Ross	Step-Son	AUG 1886
YOUNG, Brady	Step-Son	OCT 1889

Showing that she had 4 children & 4 was living. After finding the above information I talked to Mary again, and she said that he went by the name of GRAHAM in Kosciusko Miss. She remembers her daddy & mother, and her, going to Sebastapol Miss. to see a Jane ELLENBURG & a Georgia BLACKMAN, Georgia turned out to be Janes's Daughter, and the ELLENBURG Ross lived within Attala County was Jane's son.

The census in 1870 Newton County Miss. shows that Charles Hitt MUNN was living with Francis & Amanda HARRISON of which was his Aunt & Uncle. Aunt Lucy said, that Charless Hitt told her that he lived with her grandfather until he was 18. In 1880 Census Leake County Miss. shows that William James (Jim), Charles Hitt, and John Henry were living in Leake County.

1. Who did William James (Jim) MUNN age 15 live with in Newton County after his mother died?
2. Who did Jesse N. MUNN age 12 live with in Newton County after his mother died?

3. Who did John Henry MUNN, age 7, live with in Newton County, Mississippi after his mother died?
4. Who did Susan's daughter live with?
5. Did Susan get married after 1865, and if so, who to and did they have any children?

In accordance with records that I have, it shows Willie K. ELLENBURG with W. P. and Sarah (TAYLOR) JONES. Since it showed that Ross was a stepson of J. T. ELLENBURG, could Ross's mother not have died? And could Willie K. ELLENBURG have been Susan's daughter, and W. P. and Sarah JONES raised her after Susan died? With all of the above information I hope someone will be able to tell me what happened to Susan, my Great Grandmother.

After going through all the records, my beliefs are that Viola and Ross MUNN are grandchildren of Susannah (Susan) REECE MUNN.

In checking land records, we find that on July 27, 1859 John B. MUNN purchased 80 acres of land (Certificate of Purchase Number 40166— description being: ~~SW/2 of NW1/4 Section 27, Township 8N, Range 13E~~).

The above described land was in the hands of W.P. and Mary C. REECE in 1876. The majority of the land is at the present time held by descendants of Susan B. REECE MUNN, (40 acres to Colvert S. ESHEE, three acres to W. C. REECE and 26 acres to H. C. HUDDLESTON).

## In the Beginning

Genesis 1:1      In the beginning God created the heaven and earth

1:27            So God created man in his own image, in the image of God  
                  created he him: male and female created he them.

1:28            And God blessed them, and God said unto them "Be fruitful  
                  and multiply, and replenish the earth, and subdue it, and  
                  have dominion over the fish of the sea and over the fowl  
                  of the air, and over every living thing that moveth upon  
                  the earth"

In the beginning has brought us to Daniel Marion MUNN, Sr., father of Daniel Marion MUNN, Jr., born in North Carolina, December 4, 1799. The chart on lineage shows Daniel Marion MUNN, Jr. and Margaret MUNN family in Newton County Mississippi. Chapter one through ten is descendants from Daniel Marion MUNN, Sr. Chapter 11 and 12 are Margaret MUNN'S two brothers' families. In 1820 the record shows that the family of Daniel Sr. was in Pickens County Alabama. There is no record to show that Daniel Sr. family came to Mississippi, however Daniel Jr. came.

Chapter one through ten denotes first generation from Daniel Marion Jr. Sections of each chapter denotes second generation. The first digit in each section denotes the generation. The second digit after the decimal point denotes the number of issue in each marriage.

Daniel Marion MUNN Jr. was born Dec. 14, 1799, in N.C. died between 1870 and 1880. Margaret MUNN was born Oct. 20, 1807, in N.C. died between 1880 and 1892. I beleive they are buried at Liberty ChurchCemetery Duffee, Miss. He met Margaret which was a third cousin, and they were married Dec. 27, 1826 in Greene County Ala. A copy of where they applied for their marriage license is shown below. The portion that is to be filled out by a minister or Justice of the Peace was never return or was never recorded.

A copy of a letter thay my grandfather wrote to his nephew said that his grandfather had a brother named Neil who fell off a mill house 8' tall and broke his neck. His grandmother had 2 brothers named Norman and John, 2 sisters Sarah WOODBAR and Nancy DOLLAR, Norman MUNN's family is listed in Chapter 11, and John MUNN/s is listed in Chapter 12 of this book, but I was unable to find any descendents of her sisters.

While living in Ala. Daniel and Margaret had William C., John B., Mary Ann Cathrine, Martha Jane and James Jefferson. I would say they came to Newton County Miss. between 1837 and 1839 since James Jefferson was born Dec. 25, 1836, in Ala., and Nancy Eler born Feb. 27, 1840 in Newton County Miss. Then in Miss. they had Neal Hamilton, Margaret Artitie, Amanda and Daniel Marion 3rd. Daniel Jr. showed up on the 1840 census of Newton County Miss. On the 1860 Census it indicated that he owned land in Newton County Miss. After checking Newton Land records I found where Daniel Jr. had bought the following land W1/2 of SW1/4 Section 31 township 8 Ranges 13E on Apr. 25, 1836 Certificate of Purchase #27064 Patent Feb. 27, 1841." I also found Oswald HITT and wife sold Daniel Jr the following "SW1/4 of SW1/4 Sec 22 NW1/4 of NW1/4 Sec 27 and NE1/4 of NE1/4 Section 27 all in Township 8 Range 13 East Containing 120 acres more or less. However I found where Daniel 3rd sold his part of the land

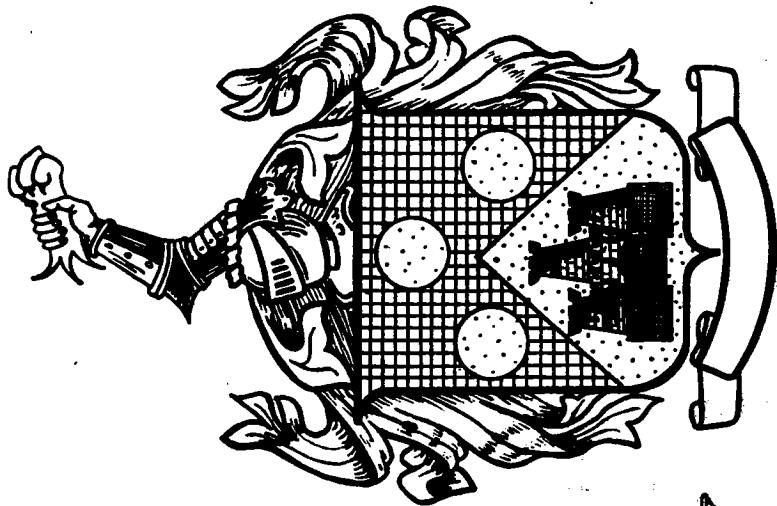

to his brother Neal H., with the following decription "SE1/4 of SE1/4 Sec 21 SW1/4 of SW1/4 Sec 22 NW1/4 of NW1/4 Sec 27 and NE1/4 of NE1/4 Sec. 28 all in Township 8 range 13 East containg 160 acres more or less. Since it showed 40 acres more than Daniel Jr. had bought, I checked the Land Records further to find where the extra 40 acres came from. I found that Daniel Jr. had Homstead- ed the SE1/4 of SE1/4 of Sec 21 Township 8 Range 13 East on May 1, 1860 Certif- icate No. 40,033. I do not know what happened to the land that Daniel Jr. bought in Section 31, but he must have sold it before his death.

All the Descendants of Daniel and Margaret that I have talked to has asked where they had lived in Newton County Miss. Since Daniel & Margaret owned land in Section 31 Township 8 Range 13E, they probably lived there when they first came to Newton County Miss. However, the old House place that Aunt Lucy showed me is on the 40 acres that Daniel Jr., had homesteaded I beleive that is where they lived since you had to live on the land to homestead it. The reason is, after Daniel Jr., died, before 1880, Aunt Lucy's grandparents lived in the House, and the 1880 Census of Newton County shows that Margaret was living with her Son, Daniel 3rd's family in the house that is listed in Chapter 10, of which was also on the same 40 acres.

Out of the 160 acres that Daniel Jr. and Margaret owned, 40 acres is owned by his great granddaughter Lucy MUNN, making it in the MUNN name since 1856. The other 40 acres is owned by his great-great grandson Billy S. MUNN, making it in the MUNN name since 1860. This is the 40 acres that Daniel Jr. homesteaded.

## Coat of Arms

Munn

## Historiography

The Munn Coat of Arms illustrated left was drawn by an heraldic artist from information officially recorded in ancient heraldic archives. Documentation for the Munn Coat of Arms design can be found in Burke's General Armory. Heraldic artists of old developed their own unique language to describe an individual Coat of Arms. In their language, the Arms (Shield) is as follows:

"Per chey sa. and or, in chief three bezants, and in base a castle triple-towered of the first."  
"A dexter arm in armour holding a lion's paw erased ppr."

When translated the blazon also describes the original colors of the Munn Arms and Crest as it appeared centuries ago.  
Family mottoes are believed to have originated as battle cries in medieval times. A Motto was recorded with this Munn Coat of Arms:  
"OMNIA VINCIT VERITAS."

Individual surnames originated for the purpose of more specific identification. The four primary sources for second names were: occupation, location, father's name, or personal characteristics. The surname Munn appears to be occupational in origin, and is believed to be associated with the English meaning, "one who resided in a monastic establishment, a monk." The supplementary sheet included with this report is designed to give you more information to further your understanding of the origin of names. Different spellings of the same original surname are a common occurrence. Variations of surnames indicate probable spelling variations of Munn to be Mune, Munes, Munnie, Munnes, Mund, Munds, Mundes, Munnides and Munns.

Although bearers of the old and distinguished Munn name comprise a small fraction of the population there are a number who have established for it a significant place in history. They include: PAUL SANDBY MITCHELL (1773-1845) Artist who specialized in water-color paintings and exhibited many of his excellent works at the Royal-Academy and many other museums from 1798. ORSON DESAIX MUNN (1824-1907) American publisher and editor who was associated with the periodical "Scientific American", among the outgrowths of this periodical was a patent department for advising inventors and securing patents for them. HIRAM H. MUNN (b. 1838) Lawyer and historian who after being admitted to the Ohio State Bar Association established a practice in Cleveland, Ohio; is principally known for his, "The History of the Declination of the Great Republic"; in it he claims to have discovered the causes of the degeneracy of nations, and in his general introduction, discloses a method by which man can be restored or changed to a moral condition. CHARLES CLARK MUNN (1848-1917) Author who was reared on a Connecticut farm; at the age of 17, he left his home and became a commercial traveler for over 30 years; among his many works are: "Pocket Island" completed in 1900; "Uncle Terry-a Story of the Maine Coast" also completed in 1900; "The Hermit" which he finished in 1904; and, "Boyhood Days on the Farm" which was published in 1907.

## COMPANY I 46th MISSISSIPPI REGIMENT OF INFANTRY

Dr. Jubal Watts, of Harperville, Mississippi, kindly furnishes the information in connection with the above company. He said it was organized about the last of April 1862, at Union, Newton County, Mississippi, though there were a few from Neshoba and Scott Counties in the company. Some few joined at Meridian, belonging to Lauderdale County. The Commanding Officers are: Dr. W. J. Hoyer, Captain B. F. Tingle, 1st Lieutenant; J. M. R. Adams, 2nd Lieutenant; T. R. Gardner, Jr., 3rd Lieutenant. The company joined the 6th Mississippi Battalion, making the 9th company in the Battalion O, Lieutenant Colonel J. W. Balfour commanding. July 4, 1862, was ordered to Vicksburg to garrison the town. After the fall of Fort Donelson the 6th Mississippi Battalion was organized into a regiment by the addition of Captain Durham's company of Kemper County. This regiment was the 46th Mississippi, commanded by Captain  afterwards General C. W. Sears. This regiment was in the seige of Vicksburg. Sergeant Smith was killed at Port Gibson; several others wounded. During the seige of Vicksburg three were killed by cannon balls, and several by smaller shot. The greater part of Company I died of camp fever and pneumonia in camp and hospital.

This company had originally 80 men, the greater part from Newton County, Captain Hoyer resigned in June 1862; Lieutenant Tingle was promoted to his place; Lieutenant Adams died at his home of fever contracted in camp; Lieutenant Gardner resigned and joined a cavalry company; Captain Tingle resigned in spring of 1863, and J. Watts was promoted to captain; T. Burgess, 1st Lieutenant; S. R. Martin, 2nd Lieutenant; T. H. Creel, 3rd Lieutenant. J. Watts resigned after the fall of Vicksburg.

Mary Elizabeth SIMPSON

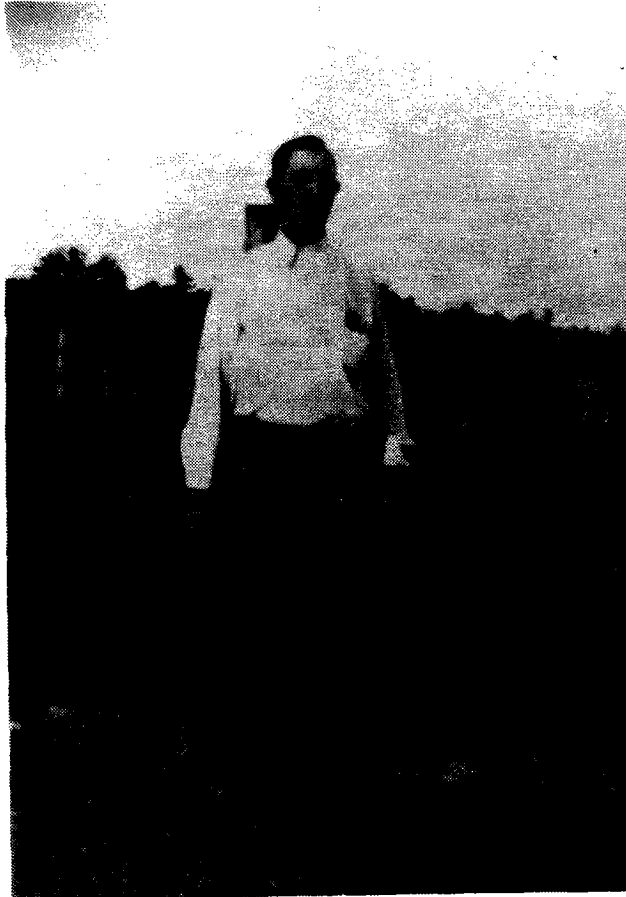

Charles Hitt MUNN born Oct. 18, 1859, Newton County Miss. He moved to Leake County Miss., and there he married Mary Elizabeth SIMPSON, born Feb. 18, 1859, Leake County Miss. He left Leake County in the late 1890's and moved to Rankin County. He bought his first land around 1906, at Leesburg, Miss, And at his death in Mar, 1942, he had around 400 acres, of which he left his 5 children 80 acres each. Out of the 400 acres he had, there is about 85 acres, that is in the hands of his granddaughter and some of his great grandchildren.

Since he wore a long white beard in his older days, alots of the neighborhood kids around christman time would run and hide, thinking he was Santa Claus. He had alots of patience with his grand kids (there were a dozen living close by) since they were in and out. And a favorite thing to do was get meat

and biscutis, which was on a platter in the safe. ( a safe in those days was used as a refergiator is now)

William Birttie & Lora Allie SIMPSON

April 13, 1910

Leesburg Miss.

Miss Lora MUNN,

My dear girl as it is April fool time I thought I would try to write you one. Beleiving that you will be surprised. As doubtless you never thought that I cared enought for you to write and Appil fool. but I must say that my pleasures are few. and the happiest moments of my life were those I spent with you. I have talked earnestly and tried many ways to be some ones sweetheart. But was disappointed. So I must start a new.

some loves two some loves twenty. I love you and that is a plenty. As sure as the grapes grows on the vine. I will be yours if you will be mine. Your love is like a Birds love. They fly from tree to tree. and when you are with other boy's you never think of me.

Remember me in all your wishes, remember me when washing dishes and if

the water is to hot. Precious one forgit me not.

Roses may wither Leaves May die. Friends may for sake you. but never will I.

You I love, and will for every. you may change but I will never Always remeber and bear in mind that a trusting friend is hard to find. and when you find one you Do Not know to Be true. Exchange not the old for the new.

While you think of those around you. When you think of those you see. While you are thinking of who loves you. will you sometimes think of me.:

Tis sweet to love, but oh how bitter To love a pretty girl and then can't get her. Silver is bright Silver is tin, the way I love you darling is a sin. Tis sweet to meet sad to part. remember darling you have my heart.

Love me darling love me long. love me darling Before you are Dead and gone. Apples in the summer time. Peaches in the fall. But remember little girl, you are the pretiest of them all.

Birds loves sunshine. Flowers loves dew angels in heaven know I love you. Apples are good Peaches are better I will not know what to think of you. if you don't answer my letter.

Tis sweet to meet and sad to part and hard to say good Bye. sweetheart. But I will say bye bye this time but not forever. and will close and have writen a very long letter, hoping I will hear from soon I am as ever your best friend.

Guess who

Wrote with love and sealed with a kiss god bless the hands that open this.

Aunt Lora was more like a grand-mother than an Aunt since she lived with Grandpa MUNN after her husband passed away. She scolded us about dropping food on her clean floor after giving us a biscuit with a hole poked in it and molasses poured in. She let us smoke a corn cob pipe, and would roll Cigarettes made out of corn silk, and coffee. Knowing all the while our Mothers and Fathers would not approve.

## CHAPTER 7

NEAL AND MARY KUNN

Neal Hamilton KUNN was born February 12, 1843 in Mississippi and died February 19, 1921. He married Mary E. (Lollie) Martin who was born on July 18, 1849 in Mississippi. She died January 3, 1930. They were known as the "Little People". They were both under four feet tall and weighed in the 70's. Their meeting was through the postmaster knowing Lollie's existence in Attala County Mississippi and telling Neal of it. Giving him her address, they corresponded.

then going to see her and marrying within four days, on December 21, 1871, in Leake County Mississippi. The story goes, they were walking up the road and a small hill to be married. People were lined on each side of the road watching them. After the ceremony, they went to a dance, and danced all night. People tell of seeing them riding in a wagon, and their feet would not touch the bottom of the wagon. Also Neal rode big horses, and would get on a stump to mount the horse.

The railroad people used his gate to go through the pasture and would not close it. After not closing the gate a few times, Neal became upset and told them behind the breach of his gun he was as big as any man. After that they closed the gate.

Mollie could not carry too heavy a load, so after her fire went out one day, she had to go to a member of the family to borrow coal to rebuild a fire. She would carry her baby so far, set him down, go back and get the bucket of coals, carry the baby further up, repeating this process until she got home.

Neal swam the creek below his home to warn the relatives and neighbors that the "Yankess" were coming during the Civil War.

A picture of their 13 year old daughter, Mary Allie, taken with them shows her a head taller than her parents. They are both buried in Liberty Cemetery at Little Rock, Mississippi

On December 1888 Neal Hamilton bought the following land from J. T. NEIL HARVEY AND MINNIE AGNESE MURN

This lady should be given credit where credit is due, since she writes for a Senior Citizen's Paper and is considered blind. This is a quote from Minnie's letter: "I once asked Harvey if the Munns had traced their ancestors. He said his ancestors were traced, but they couldn't catch them. Well, it looks like they are being traced again. I hope we catch them this time."

A farmer advertised a big fat sow for sale in the local paper-- After waiting a couple of days he had to go to town. He put a note on his gate that said "My wife is sleeping". If you want to see the big sow, you will have to wait until she wakes up.

"One cold morning a honey bee went out in an alfalfa field to gather his nectar. A cow grazing nearby swallowed the bee. The bee became angry and said when I get down in her stomach will I sting her sides. The bee became cozy warm, and sleepy and said in the morning I will sting her sides. When the bee woke up the next morning the cow was gone."

"Daylight Saving Time" Taken from an old Indian Chief who cut off one end of his blanket and sewed it on the other end to make his blanket longer."

"For all fathers on Fathers Day. It is your big day, so you don't have to repair the faucet, wash the screens, paint the gutters, trim the hedge, bathe the dog or clean up the basement, you can do all that tomorrow."

"An 80 year old man found it necessary to refuse the advances of a woman 20 years his junior. Mother and father would not agree he said. Do you mean to tell me she replied, that your parents are still living? On the contrary he said, I was referring to Mother Nature and Father Time".

"Did you hear about the senior citizen who got down on his knees for love? He couldn't get up for his arthritis."

"I have a lady friend who is vice-president of a large savings and loan company. They have branches all over California and Florida-- a large bunch of managers get together and visit other branches. She said they have a lot of fun and laugh a lot. Someone in the crowd will get up and read what Minnie Says. Jokes" Now that makes me feel great even at my age--92."
